The Honorable Patrick Collins and Members of the Cheyenne City Council
Municipal Building
Mayor's Office Room 310

Cheyenne, WY 82001

RE: Application for Bar and Grill Entertainment carve out

Honorable Mayor Collins and Members of the Cheyenne City Council,

Ace's Range is a new virtual simulation where popular outdoor activities are done inside with virtual simulators. In our case, we propose utilizing both golfing and shooting state of the art simulators. A similar venue, XGolf, has been open in Fort Collins since 2019 and brings in visitors, sales tax and property tax. Equally important Ace's Range fills the empty warehouse space at 15th Street and Pioneer Avenue with another quality venue in downtown Cheyenne.

We respectfully request your consideration in granting our business the newly available bar and grill entertainment carve out liquor license. It is imperative to this type of business that we have the ability to serve alcohol to the extent only allowed with a bar and grill entertainment carve out license.

We know you will be considering a lot of requests and need as much information as possible to make an informed decision. The most salient topics we would like to briefly touch on in this letter are as follows:

15th Street Renaissance: We share the Governing Body's passion for revitalizing downtown and believe in the importance of the 15th Street Renaissance to that mission. Ace's Range will be located at the corner of 15th Street and Pioneer in a 1940's warehouse that is vacant. We will completely rehabilitate the interior and exterior of the building and create a vibrant property at this important corner. We intend to partner with local businesses in the vicinity as well as local organizations in the city to maximize the use of our simulators and facility.

Economic Activity: Partnerships with downtown businesses, property tax, sales tax, partnerships with golf organizations and shooting clubs. Ace's Range will offer leagues and special events to attract business to the downtown area. Ace's Range, in accordance with Laramie County Health regulations, would like to offer food from downtown restaurants to be delivered by Ace's Range. Ace's Range would also work with the food trucks to create a

schedule to add even more variety to our food options. In addition to these options we will provide some basic ready to eat dishes.

Business Plan: If granted this license, we have two phases to our business plan. Phase I is to complete the interior and exterior rehabilitation of the building. We have assembled the professionals necessary currently working on the building in compliance with regulations and code. Currently Phase I is estimated to be completed by early May.

Our building is 7,500 square feet and all age groups will be welcome. We are a family oriented business with a designated serving area that only comprises approximately 320 square feet out of the 7,500. Signage and pony walls will clearly designate our serving area. North of our serving area we will have a space for minors to order non-alcoholic beverages and refreshments.

Ace's Range will maintain a "seasonal area" comprising almost 1,000 square feet in which we will do promotional events. For example, during CFD we may possibly offer the space to a western boutique vendor, or set up a stage for live music. Ace's Range will have large screens for sports television. For the big game, the space could be filled with more seating and tables or it could be reserved for private parties. Our mission of being a family oriented business will be demonstrated in our flexibility of that space. Ace's Range plans to run a fun and engaging promotional campaign using our point of sale system Tee Snap.

Simulator Technology: Ace's Range is truly a new and unique experience for Cheyenne. We will feature six Trackman golf bays and two Smokeless Range shooting simulator bays. Two of the six Trackman bays will be in a privately enclosed area with their own ambiance separate from the rest of the building. Trackman is a state-of-the-art golf simulator featuring premiere courses from all over the world. Trackman is the best medium to teach the game of golf via the numbers provided for every swing. Smokeless Range is a software that utilizes a laser bullet to simulate discharging a firearm over various applications. These applications include fast draw, hostage scenarios, zombies, moving targets and of course standard shooting ranges. Ace's Range will host leagues for golf.

Competition: Lastly, with any license, we know you have to consider the potential for competition with existing businesses and licensees. There are two other known facilities that have a golf simulator in town. The unique nature of our facility serves a different demand in the community than the other two businesses. We are not aware of anyone doing virtual shooting ranges.

We look forward to discussing our project more with you in the coming weeks.

Sincerely,

J Brent "JB" William Kunz
General Manager of Ace's Range LLC

Ace's Range Business Concepts and Menu

*Our menu and league schedule is a rough draft and a work in progress. We will most likely be limiting the ingredients listed below depending on our storage and warming kitchens abilities. Due to our limited kitchen space we want to offer a convenient and customizable style of various ready to eat and frozen foods that are heated up to prepare.

Ace's Range is proud to offer a fully customizable menu that offers unique fare. We have a few set menu items, however please feel free to create your own culinary delight! We have listed below six categories that you can choose from to make up your basket. We offer 3 sizes of baskets, The Caddy, Golfer and Greenskeeper. The Caddy is a smaller portion proportionate to an app or kids serving. The Golfer is a full portion while The Greenskeeper is two baskets.

Due to limited space in our warming kitchen we are proud to offer fare from other Downtown Cheyenne restaurants for those seeking different options, or those with specific food allergies that conflict with any ingredient on our list. You may order food from these restaurants while on premise or upon booking a tee time with us, we'll pick it up and bring it to you at Ace's. Please consider a longer wait time for items ordered from other establishments when ordered while at Ace's Range, we strongly recommend ordering from other restaurants when you book your tee time to reduce waiting time. We believe in our local businesses and we're proud to support them. Thank you for your patronage, we appreciate your support of local small business!

We will have QR codes in each bay, bar area and at front desk. Patrons will use these QR code to sign into our system, once you create a login you can create a profile, from which you may book tee times, order food from Downtown Cheyenne restaurants, register for leagues and tournaments, spend your Ace Bucks and so much more! Our Ace's Range membership is starting at \$300. This membership includes discounted league and tournament fees, early booking, event booking, access to recorded lessons anywhere on your mobile device, enrollment in Ace's Bucks in house credit system which will include promotions from Cheyenne businesses.

Our normal business hours are subject to change in order meet Cheyenne's needs, please call or text, (307) 757-7299 or email us at Acesrangewy@gmail.com if you'd like to book a private event with catered food service, private parties including multiple bays, sections of the building, or book a completely private party at Ace's. We're open to personal requests to make your experience special. We do have a set schedule of events we're excited to offer;

From opening date until leagues start we will have open play with a few tournaments to gauge Cheyenne's needs. We encourage the community to sign up for an Ace's Range membership and establish a handicap (recording score for 9 holes) used for league and tournament play.

During this opening period we're excited to offer a unique culinary expertise challenge for patrons who sign up for an Ace's Range membership. From opening day for our first month of operation, Our fully certified chef/food handlers will sample each customers custom Ace's Range dish entered into the competition. We will record each Ace of the day with the best recipe. Each Ace will be entered into a private tasting team building event for Ace's Range employees. Each Ace will be evaluated by our staff grazing on munchies while enjoying our unique simulator experience. One winner with the best recipe chosen by Ace's Range employees will be awarded Ace Bucks. *must sign up for Ace's Range membership to qualify.

League Play

12 teams of consisting of 3 players play each other once over 11 weeks. Points are awarded for handicapped adjusted 1v1 match play for each team. The Top 4 teams after the group stage make the cut to playoffs, each playoff contender plays one another for a 13 week season. Prizes from local vendors are to be awarded each week for skins challenges. Playing the time schedule is encouraged, however players may play the round in advance to accommodate schedule conflicts. Please notify us and we'll book you a tee time to record your round for the week.
