

A COMMUNITY OF CHOICE

Planning and Development Department

2101 O'Neil Avenue, Suite 202, Cheyenne WY 82001
(Phone) 307-637-6282 (Fax) 307-637-6366

MEMO

To: Honorable Mayor Patrick Collins and Members of the City Council
From: Seth Lloyd
Subject: UDC-23-00049 | Stadium View Addition, 4th Filing – Final Plat
Date: May 8, 2023

Background:

The item for consideration is a *Final Plat*. This is approved by Resolution.

The proposed Governing Body review schedule is as follows:

- Introduction and Referral 5/8/2023
- Public Services Committee 5/16/2023
- Consideration 5/22/2023

Planning Commission Recommendation:

The Planning Commission heard this item at their May 1, 2023 meeting and recommended the Governing Body approve this application with the exception listed in the Staff Report by a vote of 6-0.

The Planning Commission Staff report is attached and has not been changed.

Attachments:

1. Resolution
2. Final Plat Map (dated 4/10/2023)
3. Planning Commission Staff Report

RESOLUTION NO. _____

ENTITLED: "A RESOLUTION AUTHORIZING THE MAYOR AND THE CITY CLERK TO SIGN A FINAL PLAT FOR STADIUM VIEW ADDITION, 4TH FILING, A REPLAT OF LOTS 8 AND 9, BLOCK 4, STADIUM VIEW ADDITION, 3RD FILING, CITY OF CHEYENNE, LARAMIE COUNTY, WYOMING (LOCATED NORTHEAST OF THE INTERSECTION OF BEVANS STREET AND GROVE DRIVE)."

WHEREAS, R3 Real Estate LLC have subdivided said land in accordance with the statutes in such cases made and provided;

WHEREAS, R3 Real Estate LLC the owners of the above described land, has caused a subdivision plat of said land to be made, acknowledged, and certified, particularly describing the lots, blocks, easements, and rights-of-way;

WHEREAS, the above described subdivision plat has been presented to the City of Cheyenne Planning Commission for consideration; the Planning Commission has recommended that said plat be approved by the Governing Body; and the plat has been duly executed by the Development Office;

NOW, THEREFORE BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF CHEYENNE, WYOMING, THAT the subdivision described as Stadium View Addition, 4th Filing, Cheyenne, Wyoming, be and the same hereby is approved and confirmed as presented, and that the Mayor and the City Clerk be and are hereby authorized, empowered, and directed to execute said plat, when Community Facility Fees have been paid in full.

PRESENTED, READ AND ADOPTED this _____ day of _____, 2023.

Patrick Collins, Mayor

(SEAL)

ATTEST:

Kristina F. Jones, City Clerk

DEDICATION

Know all persons by these presents that; That R3 Real Estate LLC, a Wyoming limited liability company, owner is fee simple of Lots 8 and 9, Block 4, Stadium View Addition, Third Filing, according to the official plat filed for record on March 29, 1961 in Plat Cabinet 2, Slot 373, Records of Laramie County, Wyoming.

Has caused the same to be Surveyed, Vacated, and Replatted to be known as, STADIUM VIEW, 4TH FILING, and do hereby declare the Subdivision of said land as it appears on this plat, to be their free act and deed and in accordance with their desires.

by: Pat Rudd, Manager, R3 Real Estate LLC, a Wyoming limited liability company

ACKNOWLEDGEMENT

STATE OF _____)
COUNTY OF _____) SS

The foregoing instrument was acknowledged before me this ____ day of _____ 2023, by Pat Rudd, Manager, R3 Real Estate LLC, a Wyoming limited liability company.

Notary Public,

My Commission Expires: _____

APPROVAL

Approved by Charles Bloom, Development Director this ____ day of _____ 2023.

Charles Bloom, Development Director, City of Cheyenne, WY

CITY OF CHEYENNE PLANNING COMMISSION

MAY 1, 2023

STAFF REPORT

FILE: UDC-23-00049: Stadium View, 4th Filing Plat (Expedited Review)

REQUEST: A plat to create 3 lots – 2 for new residential development

LOCATION: Northeast of the intersection of Bevans Street and Grove Drive

APPLICANT: Pat Rudd

AGENT: Shane Hansen

OWNER: R3 Real Estate LLC

ZONING: MR Medium-density Residential

PURPOSE: To divide land for residential development

PREPARED BY: Seth Lloyd, Senior Planner

RECOMMENDED MOTION:

Move to **approve** the Stadium View, 4th Filing Expedited Preliminary Plat, advancing the Final Plat to the Governing Body, with a recommended exception to block size.

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.1.2 Preliminary Plat Approval
- UDC 2.1.3 Final Plat Approval
- UDC Article 4 Subdivisions
- UDC Article 5 Zoning Regulations
- PlanCheyenne

BACKGROUND:

The applicant is requesting approval of a plat create 3 residential lots. One lot will be for the existing house, and the two new lots will allow future residential development.

SURROUNDING LAND USE AND ZONING:

	Future Land Use Designation	Zoning	Land Use
Subject Site	Urban Residential	MR Medium-density Residential	Single-family, Vacant
North	Urban Residential	County MR	Rural residential
South	Urban Residential	MR	Single-family, duplex
East	Urban Residential	MR	Single-family
West	Open Space and Parks	P Public	Golf Course

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

Should the Planning Commission wish to recommend approval of the Preliminary Plat, the Commission must make the following findings required in UDC 2.1.2.d – a detailed analysis is below:

1) The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan. (UDC 2.1.2.d.1)

The future land use map within PlanCheyenne identifies this area as developing with a mix of residential uses, and the proposed plat in the existing zoning district would be compatible with this objective. PlanCheyenne supports the use of existing infrastructure and timely provision of services (including emergency and education services). This development is proposed in an area which has largely existing infrastructure. The property is within the Urban Service Boundary and has access to all utilities.

The Future Land Use Designation for this property and the surrounding area is Urban Residential. The Urban Residential designation is intended to allow for a mix of residential uses, but does not encourage changing existing, stable neighborhoods. The surrounding neighborhood appears largely stable, but it does contain a few locations with 2 units on one lot.

The division of land proposed would not substantively change the density range of the neighborhood.

The application **complies** with this review criterion.

- 2) The application reflects sound planning and urban design principles with respect to existing and potential future development in the vicinity, including consideration of current and future streets, open spaces, blocks and lots, and public utilities or facilities. (UDC 2.1.2.d.2)**

The proposed plat is in an area with existing infrastructure and no changes to the street or utility network are proposed. The proposed plat would not change the existing conditions in a way which would adversely affect the ability of the property to the north to redevelop.

The application **complies** with this review criterion.

- 3) The division of land meets the purposes, intent, and all applicable standards in Article 4. (UDC 2.1.2.d.3)**

Community Facilities and Fees (4.2):

The proposed subdivision is a replat of land originally platted in 1961. No park fees were charged with the original plat. When land is being replatted, it is not exempt if it adds lots. The acreage in the plat is small enough the minimum fee of **\$250** of Park Fees will be due at signing of the plat.

Per UDC Section 4.2.5, Table 4-2, the Land Acquisition & Infrastructure fee are payable at the time of the signing of the final plat.

Per UDC Section 4.2.5, Table 4-2, Enhancement Fees are payable at the issuance of a building permit for each structure (Residential Enhancement Fee is \$400 per dwelling unit).

Transportation Network (4.3):

This plat is occurring within an area of the community which has largely been previously developed. The plat is limited by previous development patterns. An exception for block sizes must be granted (the block the plat is on includes the Golf Course, Cahill Park, and East High School, but there is nothing this platting action could do to create new connections).

Open Space (4.4):

Open space is required at 750sqft per unit or 8% of the gross development area, whichever is less. However, due to the nature of this application, plat-level open space is not required.

Required Improvements (4.5):

The infrastructure surrounding this plat is largely already in place. Some minor utility work may be needed to assure all properties can be serviced, but the plat provides an easement.

Public Safety Fees (4.6):

Public Safety Fees will be due with building permits of new construction on the site.

The application **complies** with this review criterion, with an exception.

- 4) Any phasing proposed in the application is clearly indicated and demonstrates a logical and well-planned development pattern. This may include consideration of amenities and public**

facilities of the subdivision within each phase compared to the anticipated timing or the likelihood of future phases being constructed as planned. (UDC 2.1.2.d.4)

No phasing is specifically proposed with this project.

Review criterion **not applicable**.

- 5) The impacts identified in specific studies or technical reports that were prepared or requested to be prepared in association with the application, and whether the findings and recommendations of these reports, or any modifications or conditions on approval of the application, can mitigate these impacts. (UDC 2.1.2.d.5)**

Drainage:

A drainage worksheet was submitted and reviewed. There were no concerns with drainage at the plat level for the project as presented.

Traffic:

A transportation worksheet was submitted and reviewed. There were no concerns with traffic at the plat level for the project as presented.

The application **complies** with this review criterion.

- 6) Lots proposed for development shall be buildable lots according to the existing or proposed zoning district standards, result in design and development patterns that meet the Intent and Applicability statements of the existing or proposed zoning district, and not aggravate nonconforming setbacks or currently adopted building and fire code access and separation requirements. (UDC 2.1.2.d.6)**

The proposed plat proposes lots for residential development. No unbuildable lots are proposed.

The application **complies** with this review criterion.

- 7) All parcels not proposed as buildable lots and which are not dedicated to and accepted by the City shall have a clearly defined entity responsible for ongoing maintenance. (UDC 2.1.2.d.7)**

The plat proposes only buildable lots. The Plat does not propose any lots subject to this criterion.

Review criterion **not applicable**.

- 8) The application will not create any undue influence on existing or potential development for adjacent property considering the existing zoning and Comprehensive Plan policies for that property. (UDC 2.1.2.d.8)**

The plat is adjacent to developed urban residential property to the south and east. To the west is a golf course. To the north is a rural residential parcel outside of City limits. The plat does not create any undue influence on the ability of the property to the north to redevelop. While the lots proposed are smaller than most of the lots in the area, some nearby lots contain two units on one lot, and the lots created would have a similar unit density to the surrounding development patterns.

The application **complies** with this review criterion.

9) The application is not harmful to the public health, safety, and welfare. (UDC 2.1.2.d.9)

City staff is satisfied that this proposed plat would not adversely affect the public health, safety, or general welfare.

The application **complies** with this review criterion.

10) Remainder lot(s) shall be clearly identified on the preliminary plat and shall not be developed or proposed for development for purposes. Remainder lot(s) shall be noted and described on all plats either graphically or by legal description. (UDC 2.1.2.d.10)

Remainder lots are not proposed with this plat.

Review criterion **not applicable**.

11) The layout and design of the final plat is in substantial compliance with the approved preliminary plat considering the number of lots or parcels, street and block layout, and access, and any deviations in the final plat brings the application in further compliance with the Comprehensive Plan. (UDC 2.1.3.d.1)

The Final Plat submitted with the application is substantially similar to the Preliminary Plat submitted.

The application **complies** with this review criterion.

12) The application meets any conditions or modifications of the approved preliminary plat. (UDC 2.1.3.d.2)

Through the review process and application of the Preliminary Plat, Staff recommended corrections for technical issues. These issues have been addressed with a revised submittal, and staff has no recommended conditions for this plat.

The application **complies** with this review criterion.

13) The application meets the purposes, intent, and applicable standards of Article 4. (UDC 2.1.3.d.3)

As a concurrent Preliminary and Final Plat application, this Final Plat review criterion is covered by the equivalent Preliminary Plat review criterion (subsection 3 above).

The application **complies** with this review criterion.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- PlanCheyenne

Conformance with PlanCheyenne is covered by review criterion 1.

STAFF REVIEW:

Through the review process, comments were received regarding the following issues:

1. Technical corrections.
2. Utility connections.

These issues have been addressed through a revised submittal.

CONCLUSION:

Staff analysis is that the application meets the review criteria and therefore recommends approval of the expedited plat application as submitted by the applicant, with the granting of an exception to block size requirements. The plat is of a limited scope and is proposed in an area with existing street network and utilities.

ALTERNATIVES:

1. Recommend approval of the expedited preliminary plat, forwarding the Final Plat to the Governing Body. **(Staff Recommendation)**
2. Recommend approval of the preliminary plat with conditions and that a final plat addressing the conditions of approval be prepared and presented to the Governing Body.
3. Recommend approval of the preliminary plat as submitted by the applicant and forward the preliminary plat to the Governing Body.
4. Recommend approval of the preliminary plat subject to staff's recommended conditions and forward the preliminary plat to the Governing Body.
5. Recommend denial of the preliminary plat based on findings of denial. The Planning Commission must conclude that the project does not meet all the review criteria. As part of the motion, findings for denial must be stated.
6. Postpone the project until issues identified during the meeting can be resolved.

General Information Regarding Alternatives:

The Planning Commission may modify staff's recommended conditions, delete conditions, add conditions, or decide contrary to staff's recommendation. In the event conditions are modified, the conditions shall relate to applicable review criteria. In the event that the Commission acts contrary to staff's recommendation or modifies conditions of approval, the Commission shall cite specific reasons (based on the review criteria) for approval or denial.

STAFF RECOMMENDATION:

Staff recommends approval of the expedited Preliminary Plat, advancing the Final Plat to the Governing Body, with the following exception:

1. Exception to UDC 4.3.3.c, regarding minimum block size and connectivity.

ATTACHMENTS:
