

MEMORANDUM

TO: The Honorable Mayor Patrick Collins and City of Cheyenne Council Members
FROM: Robin Lockman, City Treasurer
DATE: September 6, 2023
SUBJECT: Re-Appropriation to be considered for approval

On September 11, 2023, the Governing Body will be referring a resolution to the Finance Committee to re-appropriate funds for the Fiscal Year (FY) 2024 City of Cheyenne Budget per W.S. § 16-4-112 and 16-4-113. Below is more detailed information regarding this re-appropriation request.

ALL FUNDS - ENCUMBRANCES AND ROLLOVER ACCOUNTS (RESERVES)

Each September my department prepares a large budget re-appropriation request that includes carryover balances and encumbrances from the previous fiscal year for various City funds, including the One Percent Optional Tax Fund, Specific Purpose Tax Fund, and others.

When the annual budget is approved each June, you may have noticed that numerous city funds are not included. This is because funds available to carry over are not known until after the fiscal year ends. Therefore, I have included carryover balances in this reappropriation request.

I am also including General Fund line items that will have unspent balances from FY 2023 to be carried over to FY 2024. This includes parks and recreation projects in the amount of \$2,961, Belvoir Ranch planning/development in the amount of \$40,904, and county pocket annexation funds in Planning and Development's budget the amount of \$169,351 for a total of \$213,216.

Finally, I am including more detailed information on the purchase order (PO) encumbrances (see attached report) from FY 2023 for a total of \$606,918 in the General Fund and \$7,474,005 in all other city funds. Encumbrances are simply purchase orders that were created for goods and services ordered prior to, but not received until after, June 30, 2023.

GENERAL FUND – ADDITIONAL REVENUE AND RESERVES

In addition to the encumbrances and rollovers listed above, there are six General Fund requests included for your consideration:

1. **City Council cell phone.** A request was made to increase the telecommunications line by \$720 to pay for a city issued cell phone for a member of City Council. This increase will be paid for from reserves.
2. **Janitorial and HVAC contract increases.** There are increases to City contracts for janitorial services (contract #7538, #7539, #7540, and #7541) and HVAC maintenance services (contract #7785) that were not known at the time of the FY 2024 budget preparation. This includes janitorial services conducted at the Municipal Building, Municipal Court Building, Public Safety Center, and Youth Alternatives Building, as well as HVAC maintenance services at the Aquatics Center, Depot Plaza, Kiwanis Community House, Municipal Building, Municipal Court Building, Pioneer Park Building, Public Safety Center, and Youth Activities Center. The total General Fund increases for janitorial services is \$16,023 and for HVAC maintenance services is \$22,327, both to be paid from reserves.
3. **Investment Advisor Fees.** An increase of \$16,529 is proposed to pay for investment advisor fees and costs to maintain the City's investment custodial account. In the past, these fees have been paid through offsetting investment revenue, but for better tracking and transparency, we have separated them into an expenditure line item. This is paid for by increasing the investment interest revenue budget.
4. **Attorney Fees for Property Litigation.** The City Attorney's Office has entered into a contract with Davis & Cannon LLP (contract #7780) for real property litigation representation. The attorney fees line item has increased \$107,115 as a result and will be paid for from reserves.
5. **Additional Transfer to Civic Center and Ice & Events Center Request.** Jason Sanchez, Community Recreation and Events (CRE) Director, is requesting an additional \$350,000 General Fund transfer to the Civic Center, and an additional \$119,270 transfer to the Ice & Events Center, due to \$714,884 in FY 2023 CRE Department General Fund budget reversions. Please see attached memorandum from Mr. Sanchez for further information.
6. **Additional expenses related to moving donated rail cars.** The economic development line item increased in the amount of \$95,550 as the result of ground operations and crane expenses for moving the four (4) rail cars donated by the Union Pacific Railroad for the 15th Street Rail project.

MEMORANDUM

TO: The Honorable Mayor Patrick Collins and City of Cheyenne Council Members
FROM: Jason Sanchez, Community Recreation and Events Director
DATE: September 1, 2023
SUBJECT: Civic Center and Ice & Events Center Requests from General Fund Reserves

Last fiscal year, our team managed over 100 large-scale events within the Community Recreation & Events Department. Nearly half of these events, including Fridays on the Plaza, Superday, Culture X, Cheyenne Hispanic Festival, Brew Fest, Cheyenne Frontier Days (CFD) Pancake Breakfast, and Cheyenne Day, were hosted outside of the Cheyenne Civic Center and were directly managed or facilitated by Civic Center staff.

The Civic Center staff consists of five full-time employees who are critical to the operations and success of these outside events due to their specialized skills in technical production, event management, booking, marketing and advertising, ticketing, and safety. With this team, we have experienced our most successful Fridays on the Plaza to date, built stronger partnerships with third-party promoters and agents, cultivated deeper relationships with sponsors, and served as a critical resource for local groups and community organizations in the surrounding area.

As we have continued to expand the caliber of events being brought to the downtown community, we have garnered stronger support from businesses who recognize this as a catalyst for tourism, economic growth, and overall vitality for the City of Cheyenne.

The Cheyenne Civic Center holds a special place in the hearts of our citizens, serving as a home for a wide range of events, from performances by local artists to nationally renowned acts, community events, conferences, training sessions, and so much more. Its diverse offerings contribute significantly to the City's cultural fiber, vibrancy, and economic prosperity.

However, like any facility, the Civic Center requires ongoing investments to maintain its infrastructure, attract top-tier talent, and provide the best experience for both performers and audiences. It is my belief that redirecting funds toward the Civic Center is a strategic move that will yield substantial returns in terms of community engagement, economic activity, and overall quality of life for our residents.

I am respectfully requesting your support to reappropriate \$350,000 from the General Fund Community Recreation & Events \$714,884 FY 2023 reversions to support the Civic Center expenses. I am also asking for \$119,270 to be reappropriated to support the Ice & Events Center expenses.

I understand the allocation of funds is a complex process that requires careful consideration of various priorities. However, I firmly believe that supporting the Cheyenne Civic Center and Ice & Events Center aligns with our City's commitment to quality of life and fostering a rich cultural landscape, supporting local business and community groups, as well as providing our residents with enriching experiences.
