WHEREAS, Gardenia Drive is a collector road that is located in the northern part of Cheyenne, which begins on Yellowstone Road and travels east through the neighborhoods of Monterey Heights, Bel Air Hills and The Pointe, and terminates at Powderhouse Road;

WHEREAS, as a collector road, Gardenia Drive was designed for low-to-moderate traffic capacity and to move vehicles at lower speeds between local streets and arterial roads such as Interstate 25;

WHEREAS, as a collector road, Gardenia Drive has a posted speed limit of thirty (30) miles per hour along the entirety of its route;

WHEREAS, over at least the prior ten (10) years, residents of the neighborhoods adjacent to Gardenia Drive have experienced an increasing amount of traffic, which has in turn resulted in an increased amount of people disregarding the posted speed limit and rushing through these neighborhoods in their cars and trucks;

WHEREAS, these speeding vehicles unreasonably disturb the quietude of this area and place the residents of these neighborhoods at an increased risk of physical danger;

WHEREAS, the impacts from these speeding vehicles present a serious problem, which does not appear to be one that will disappear without affirmative action by the City of Cheyenne;

WHEREAS, in pursuit of a permanent solution, the Governing Body intends to implement a temporary fix to address this situation through the increased use of certain traffic control devices; and

WHEREAS, the Governing Body finds that the most appropriate traffic control devices to implement at this time are stop signs at designated intersections along Gardenia Drive.
