CITY OF CHEYENNE GOVERNING BODY
JANUARY 8, 2024
STAFF REPORT

FILE: PUDC-23-184: The Bluffs, 12th Filing - Annexation

REQUEST: An annexation of 29.61 acres of land

LOCATION: East of Converse Avenue and south of Storey Boulevard.

APPLICANT: Randy Guill

AGENT: Randy Guill

OWNERS: Horizon Development, LLC

PURPOSE: Future residential and commercial development.

PREPARED BY: Connor White, Planner II

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.4.2 Annexations
- PlanCheyenne

BACKGROUND:

The applicant is requesting annexing 29.61 acres of land to allow future residential develop and a church facility. The land is currently vacant. A zoning assignment, future land use map amendment, zone change and expedited preliminary plat is proposed concurrently with this annexation. All applications are anticipated to come to final consideration before the Governing Body at the same meeting.

Land annexed to the City requires a City zone. The petition to annex has been accompanied by an assigned City zone of AG and LR. The applicant has also submitted a zoning map amendment to change the assigned zones of AG and LR to CB and MR.

SURROUNDING LAND USE AND ZONING:

	Future Land Use Designation	Zoning	Land Use
Subject Site	Urban Residential	A-1 (County Agriculture) and LR (Low-density Residential)	Vacant
North	Urban Residential	AR (Agricultural Residential)	Vacant / Residential
South	Urban Residential / Public	P (Public)	School
East	Urban Residential	MR (Medium-density Residential)	Residential
West	Mixed-use Residential	NR-3 (Neighborhood Residential – High density)	Multi-family / Vacant

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

To accept the petition to annex and approve the annexation Ordinance, the Governing Body must make the following findings required in WS 15-1-402; a detailed analysis of which is below:

- 1) An annexation of the area is for the protection of the health, safety and welfare of the persons residing in the area and in the city or town. [WS 15-1-402 (a) (i)]**

The annexation of this property will increase the health, safety, and welfare of the future occupants. By being in City limits, the property will receive access to City Fire and Police and sanitation services. The property, if occupied, will also be required to be connected to City water and sanitary sewer instead of having wells and septic systems.

The application **complies** with this review criterion.

- 2) The urban development of the area sought to be annexed would constitute a natural, geographical, economical and social part of the annexing city or town. [WS 15-1-402 (a) (ii)]**

This property, once developed, will constitute a natural, geographic, economic, and social part of the city. The property is adjacent to the City to the west, north, and east and is part of a County pocket. The contiguity to the City and the proximity to surrounding urban-style development makes the parcel a natural geographic part of the City. The development of this property will benefit those who live within the City and will be a part of the social and economic fabric that is Cheyenne.

The application **complies** with this review criterion.

- 3) The area sought to be annexed is a logical and feasible addition to the annexing city or town and the extension of basic and other services customarily available to residents of the city or town shall, within reason, be available to the area proposed to be annexed. [WS 15-1-402 (a) (iii)]**

The area is a logical and feasible addition to the City due to the reasons previously listed. All City services normally available to residents will also be made available. Police and fire protection will be extended upon annexation. Utilities exist in the area and will be expanded into the proposed area as it develops.

The application **complies** with this review criterion.

- 4) The area sought to be annexed is contiguous with or adjacent to the annexing city or town, or the area meets the requirements of W.S. 15-1-407. [WS 15-1-402 (a) (iv)]**

The area proposed for annexation is about 94.82% contiguous, along all but the southern edge.

The application **complies** with this review criterion.

- 5) If the city or town does not own or operate its own electric utility, its governing body is prepared to issue one (1) or more franchises as necessary to serve the annexed area pursuant to W.S. 15-1-410. [WS 15-1-402 (a) (v)]**

Utility franchises are in place to serve the annexed area.

The application **complies** with this review criterion.

- 6) The annexing city or town, not less than twenty (20) business days prior to the public hearing required by W.S. 15-1-405(a), has sent by certified mail to all landowners and affected public utilities within the territory a summary of the proposed annexation report as required under subsection (c) of this section and notice of the time, date and location of the public hearing required by W.S. 15-1-405(a). [WS 15-1-402 (a) (vi)]**

A certified mailing was made to the landowners and public utilities on December 5, 2023. The public hearing for this annexation is scheduled for January 8, 2024. Twenty (20) business days (on the City's calendar) prior to the announced public hearing is December 5, 2023. The earliest confirmation of delivery was dated December 7, 2023.

The application **complies** with this review criterion.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- Plan Cheyenne

Policies within PlanCheyenne encourage the annexation of County pockets. This is part of a County Pocket.

The Future Land Use Map of PlanCheyenne, as updated by Connect 2045, anticipates this area of the community to develop with urban residential uses. These areas are expected to develop with full access to urban services – such areas are best served by being within City limits. The area is within the Urban Service Boundary.

STAFF REVIEW:

Through the review process, no comments were received.

CONCLUSION:

Staff is satisfied that the application meets the review criteria and therefore recommends approval of the annexation.

The proposed annexation is a natural extension of the City, is contiguous to the current City limits, and most services typically available to urban areas are available to be extended to this property.

STAFF RECOMMENDATION:

Staff recommends approval of the annexation of the property.
