

MEMORANDUM

TO: Governing Body, City of Cheyenne
FROM: Renee Smith, Grants Manager
DATE: FEBRUARY 20, 2024
SUBJECT: RESOLUTION SUPPORTING THE DEPARTMENT OF ENERGY EFFICIENCY AND CONSERVATION BLOCK GRANT FOR LIGHTING UPGRADES FOR THE CIVIC CENTER

The City of Cheyenne has been awarded a U.S. Department of Energy Efficiency and Conservation Block Grant (EECBG) for \$125,720 to partially fund the complete upgrade of the interior and exterior lighting equipment infrastructure, including improved egress emergency lighting safeguards. This is a joint project between Community Recreation and Events and Public Works for critical energy efficiency upgrades.

Scope of work:

This project is a complete upgrade of the interior and exterior lighting equipment infrastructure in the building except the equipment associated directly with performances. It replaces old lighting fixtures and lamps with new, long-lasting energy-efficient LED products, including color changing lighting in the lobbies and main entries. Most of the new luminaires to be installed, including the replacement units for the auditorium house lights, have a life expectancy of 50,000 to 100,000 hours, substantially reducing future maintenance costs. This is another area where the City would likely be able to realize considerable savings. With the life expectancy of the LED equipment, this upgrade would remain in place and be re-used in future improvements to the building eliminating the need to include lighting replacement and associated cost from those projects.

In addition, this project intends to provide emergency lighting upgrades to meet or exceed current Code and ensure no one is left in the dark during a power failure. It will include improved egress lighting through installation of fixtures with integral battery backup and re-routing critical circuits to the emergency lighting panel which is connected to the emergency generator located by the Municipal Building. The EECBG funds will be leveraged with \$344,844 from One Time Capital Equipment and 5th Penny Special Tax Funds.

Please let me know if you have specific questions about this grant opportunity.

Respectfully,

Renee Smith
(307) 637-6285

RESOLUTION NO. _____

ENTITLED: "A RESOLUTION APPROVING THE DEPARTMENT OF ENERGY EFFICIENCY AND CONSERVATION BLOCK GRANT PROGRAM GRANT FOR LIGHTING UPGRADES FOR THE CHEYENNE CIVIC CENTER."

WHEREAS, the Department of Energy (DOE)'s Energy Efficiency and Conservation Block Grant Program (EECBG), funded through the Infrastructure Investment and Jobs Act, provides a total of five hundred and fifty million dollars (\$550,000,000) in grant funding to states, local governments, tribes, and territories to implement strategies to reduce energy use, to reduce fossil fuel emissions, and to improve energy efficiency;

WHEREAS, the EECBG program provides flexible support to states, local governments, tribes, and territories to develop various initiatives and projects that leverage other sources of funding and will yield maximum benefits over time in terms of energy and emission reductions;

WHEREAS, EECBG formula grant recipients can utilize funding to develop and implement energy efficiency and conservation programs for buildings and facilities within the jurisdiction of eligible entities, including energy efficiency and conservation technology improvements;

WHEREAS, the one hundred twenty-five thousand seven hundred twenty-dollar (\$125,720) EECBG grant award will be leveraged with three hundred forty-four thousand eight hundred eighty-four dollars (\$344,844) in matching One Time Capital Equipment and 5th Penny Special Tax Funds;

WHEREAS, funds will be used for the complete upgrade of the interior and exterior lighting equipment infrastructure in the Cheyenne Civic Center, including improved egress emergency lighting safeguards; and

WHEREAS, the Governing Body of the City of Cheyenne supports energy efficiency technologies and practices that create cost savings, improve working and visitor experiences, and lowers energy consumption.

NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF CHEYENNE, WYOMING, that the Mayor of the City of Cheyenne is hereby designated as the authorized representative of the City to act on behalf of the Governing Body on all matters relating to the one hundred twenty-five thousand seven hundred twenty dollar (\$125,720) EECBG grant and is authorized to execute the grant agreement and to submit any required reports and other associated documents.

PRESENTED, READ, AND ADOPTED this ____ day of _____, 2024.

Patrick Collins, Mayor

(SEAL)

ATTEST:

Kristina F. Jones, City Clerk

U.S. Department of Energy
Energy Efficiency and Conservation Block Grant Program – Bipartisan Infrastructure Law 2021 (EECBGIL)
BUDGET INFORMATION REMARKS
Grant Number: SE0000188, **State:** WY
Recipient: City of Cheyenne

Remarks

1. Basis of Equipment costs is from vendor budget quotes. Equipment will be competitively bid.
2. Basis for Contractor and contingency cost is professional opinion based on previous similar projects. Installation Contractor will be competitively bid.
3. The Engineer and project management values are per a current contract with the City.
4. The Equipment has not been previously acquired and will be 100% dedicated to this project.
5. All Equipment will be new and will retain a useful life well beyond project completion. Support for the value shown is vendor quotes as noted.

Recipient: City of Cheyenne

EECBG Program: Energy Efficiency and Conservation Strategy Template for Local Governments

Local governments must submit a proposed Energy Efficiency and Conservation Strategy (EECS) to the Department of Energy (DOE) to meet the statutory requirements for the Energy Efficiency and Conservation Block Grant (EECBG) Program. The proposed EECS must include the information contained in Part A of this template. Local governments may use this streamlined EECS Template to meet the requirement, but the template is not required. If a local government chooses to submit an EECS using an alternative format, the information outlined in Part A must be included in the submission.

Local governments have the option of submitting their EECS at the time of application or no later than 1 year after the effective date of the award. If the latter option is chosen, the EECS should be a comprehensive strategy that covers, at a minimum, all items detailed in this template. DOE will provide informational resources and technical assistance to support the development of comprehensive strategies.

Local governments that do not submit an EECS with their application must submit an EECBG Program Activity File with their application and select Activity 1 (Energy Efficiency and Conservation Strategy).

Part A

Grantee: City of Cheyenne
Date: 8/30/2023
UEI Number: KURKMKZUFMY2
Program Contact Email:

1) Local governments must include within their proposed strategy a description of their goals for increased energy efficiency and conservation in the jurisdiction. Does your local government have existing energy efficiency and conservation or related goals?

☒ a. Yes

i. What goals do you have? (check all that apply)

☒ 1. GHG reduction goal

a. Specific goal (e.g., 80% GHG reduced from 1990 levels):

1,500 mTCO₂e annual GHG reduction from 2010 levels

b. By what year? (e.g., 2050)

2050

☒ 2. Energy use reduction goal

a. Specific goal

2.9 million kWh and 3,600 MMBtu Natural Gas annual reduction from 2010 levels

b. By what year?

2040

☒ 3. Clean energy use goal

a. Specific goal

Still in Development Phase

U.S. Department of Energy
Energy Efficiency and Conservation Block Grant Program – Bipartisan Infrastructure Law 2021 (EECBGBIL)
STRATEGY
Grant Number: SE0000188, **State:** WY, **Program Year:** 2023
Recipient: City of Cheyenne

b. By what year?

2040

☒ 4. EV adoption goal

a. Specific goal:

Still in Development Phase

b. By what year?

2040

☐ 5. Job creation goal

a. Specific goal:

b. By what year?

☐ 6. Job quality goal

a. Specific goal:

b. By what year?

☐ 7. Other

a. Specific goal:

b. By what year?

☐ b. No, our local government does not have an existing goal, but we are selecting the following goal as part of our strategy. If you select option 5, you must also select from options 1-4 or option 6 (may select more than one option).

- ☐ i. Carbon neutrality by 2050 or sooner
- ☐ ii. Reduce energy use by 50% by 2050 or sooner
- ☐ iii. 100% carbon-free energy use by 2050 or sooner
- ☐ iv. 80% EV adoption by 2050 or sooner
- ☐ v. Pay prevailing wages for all construction and maintenance projects by 2025

U.S. Department of Energy
Energy Efficiency and Conservation Block Grant Program – Bipartisan Infrastructure Law 2021 (EECBG-BIL)
STRATEGY
Grant Number: SE0000188, State: WY, Program Year: 2023
Recipient: City of Cheyenne

☐ vi. Other

2) Does your local government have an existing plan or strategy document (e.g., climate action plan, energy conservation plan, comprehensive energy plan, etc.) to reduce energy use, increase energy efficiency, reduce emissions, or train workers for high-quality energy efficiency jobs?

☐ a. Yes

i. Strategy document uploaded: ☐

ii. Do you intend to update your plan in the next two years?

☐ i. Yes

a. Are you planning to use any of your EECBG Program funds to update your plan?

☐ i. Yes

☐ ii. No

b. What updates do you intend to make to your plan?

☒ b. No

i. Please briefly describe your strategy to achieve your goals listed in Question 1

City-owned buildings typically have a long useful life and the City's overall energy efficiency and conservation strategy is to systematically improve energy and operating efficiency in City buildings, reduce costs, and provide a better facility environment for residents and staff. To accomplish this, the City has surveyed all major City facilities to identify potential energy efficiency improvement projects. These have then been prioritized based upon addressing the most urgent needs and/or best return on investment within available funds in each fiscal year. The City has been implementing energy efficiency projects in one or more buildings each year since 2010 using a combination of internal funds, grants, and rebates from the local utility.

3) Are you planning to use a blueprint (see Section 4.5 of the EECBG Program Formula Grant Application Instructions document for more details)?

☒ a. Yes

i. Which one(s)?

Energy Planning

☐ 1. Energy Planning

Efficient Buildings

☒ 2a. Energy Efficiency - Energy Audits and Building Upgrades

☐ 2b. Energy Savings Performance Contracts, Energy Efficiency and Electrification in Government Buildings

☐ 2c. Building Electrification Campaign

☐ 2d. Building Performance Standards & Stretch Codes

Renewables

☐ 3a. Solar & Storage - Power Purchase Agreements and Direct Ownership

☐ 3b. Community Solar

☐ 3c. Solarize Campaign

☐ 3d. Renewable Resource Planning for Rural and Tribal Communities

Electric Transportation

☐ 4a. Electric Vehicles and Fleet Electrification

☐ 4b. EV Charging Infrastructure for the Community

Finance

☐ 5. Unlocking Sustainable Financing Solutions for Energy Projects and Programs with Revolving Loan Funds

Workforce

☐ 6. Workforce Development

ii. How does this blueprint help you meet your strategy/goals?

U.S. Department of Energy
Energy Efficiency and Conservation Block Grant Program – Bipartisan Infrastructure Law 2021 (EECBGBIL)
STRATEGY
Grant Number: SE0000188, State: WY, Program Year: 2023
Recipient: City of Cheyenne

This blueprint will support the City's overall energy efficiency strategy by helping align goals and use the financial support to help realize the benefits of energy savings, an improved building environment for the public, and improved working conditions for City staff with a reduction in total energy use and an improvement of energy efficiency. Grant funds will be leveraged to supplement the City's limited internal funding source to help cover the cost for the improvements implemented in this project. Grant funds will be combined with funding provided by the City to directly purchase new lighting equipment and materials and contract directly with an installation firm to maximize the direction of grant funds into actual improvements. The lighting equipment supplier and installation contractor will each be competitively selected by the City.

☐ b. No

i. What category of work do you plan to apply your EECBG Program funds to? (check all that apply)

1. Strategy development

- ☐ a. Developing goals
- ☐ b. Developing measures to track progress
- ☐ c. Providing annual reporting on goals

☐ 2. Technical consultant services to assist in strategy development

3. Building energy audits

- ☐ a. Residential
- ☐ b. Commercial
- ☐ c. Industrial
- ☐ d. Municipal

4. Financial programs

- ☐ a. Loan programs
- ☐ b. Performance contracting programs
- ☐ c. Rebates/grants
- ☐ d. Incentives
- ☐ e. Other

5. Energy efficiency retrofits

- ☐ a. Residential
- ☐ b. Commercial
- ☐ c. Industrial
- ☐ d. Municipal

6. Energy efficiency and conservation programs for buildings and facilities

- ☐ a. Residential
- ☐ b. Commercial
- ☐ c. Industrial
- ☐ d. Municipal

7. Transportation Programs

a. Electric vehicle planning

- ☐ i. Municipal
- ☐ ii. Communitywide

☐ b. Purchasing of electric vehicles

c. Installation of electric vehicle chargers

- ☐ i. Municipal
- ☐ ii. Communitywide

☐ d. Use of flex time by employers

☐ e. Satellite work centers

☐ f. Zoning guidelines or requirements that promote energy efficient development

☐ g. Infrastructure, such as bike lanes and pathways and pedestrian walkways

- ☐ c. Other
- ☐ 12. Traffic signals and street lighting upgrades
13. Renewable energy on government buildings
- ☐ a. Solar
- ☐ b. Wind
- ☐ c. Fuel cells
- ☐ d. Biomass
- ☐ 14. Programs for financing, purchasing, and installing energy efficiency, renewable energy, and zero-emission transportation (and associated infrastructure)
- ☐ 15. Other (requires approval of Secretary)

ii. How will your use of funds help your unit of government meet its strategy/goals?

iii. Provide a brief description of your project(s)?

4) Local governments must coordinate and share information with the State in which the eligible local government is located regarding activities carried out using the grant to maximize the energy efficiency and conservation benefits under the EECBG Program. Have you coordinated and shared your planned activities with your State?

☒ a. Yes

U.S. Department of Energy
Energy Efficiency and Conservation Block Grant Program – Bipartisan Infrastructure Law 2021 (EECBG-BIL)
STRATEGY
Grant Number: SE0000188, **State:** WY, **Program Year:** 2023
Recipient: City of Cheyenne

i. Please describe how you plan to coordinate with your State

The City has had regular engagement with the Wyoming Energy Authority, which contains the State Energy Office, and regularly participates in State Energy Program initiatives offered, including sharing of project information and reporting savings. The potential for acquiring additional grant funds for the project from the State Energy Program is being investigated.

5) Local governments must take into account any plans for the use of funds by adjacent eligible local governments that receive grants under the EECBG Program. Have you taken into account how adjacent eligible units of local governments plan to use their funds?

☒ a. Yes

Part B

1) Do you plan to collaborate with other eligible units of government?

☐ a. Yes, we are going to form a team and apply through a joint application

i. List the names of the units of government

1. Which unit of government is serving as the lead applicant?

ii. Please describe what your team plans to work on together

☐ b. Yes, we are going to informally collaborate

i. List the names of the units of government

ii. Please describe your planned collaboration

☒ c. We are not yet sure if we are going to collaborate with others

☐ d. No

2) Are you planning to partner with other organizations including utilities, energy industry and financial companies, community-based organizations, labor unions, and other non-profit organizations for your project?

☒ a. Yes

i. Please list your partners

Black Hills Energy for review of equipment to be installed, estimated project energy savings, and completion verification as part of their rebate program.

U.S. Department of Energy
Energy Efficiency and Conservation Block Grant Program – Bipartisan Infrastructure Law 2021 (EECBG-BIL)
STRATEGY
Grant Number: SE0000188, State: WY, Program Year: 2023
Recipient: City of Cheyenne

☐ b. No

3) Have you engaged local stakeholders (such as utilities, energy industry and financial companies, community-based organizations, labor unions, and other non-profit organizations) in the development of your plan and/or how you intend to use your EECBG Program allocation?

☐ a. Yes

☒ b. No

4) Will this EECBG Program funding help you to access additional sources of funding?

☒ a. Yes

i. What kind? (check all that apply)

☒ 1. Local government

☐ 2. State government

☐ 3. Federal government

☐ 4. Philanthropic

☐ 5. Private sector

☐ 6. Other

☐ b. No

i. Would you like assistance in identifying other sources of funding?

☐ a. Yes

☐ b. No

5) Do you anticipate needing support for your project development/implementation?

☐ a. Yes

i. What kind? (check all that apply)

☐ 1. Policy, planning and program design

☐ 2. Retrofits

☐ 3. Engineering and modeling

☐ 4. Stakeholder engagement

☐ 5. Program administration and implementation support

☐ 6. Outreach, education and advertising

☐ 7. Other

☒ b. No

6) Do you anticipate the project(s) you use this funding for will continue after the EECBG Program funding period?

☒ a. Yes

i. Describe how the projects(s) have been designed to ensure that it sustains benefits beyond the EECBG Program funding period

City-owned buildings typically have a long useful life and the Civic Center is no exception. The permanent improvements to this building along with the benefits of reduced energy use, better facility environments for residents and staff, and decreased maintenance will be realized for years after project is complete.

☐ b. No

i. What would help you to continue? (check all that apply)

☐ 1. Local sustainable financing

☐ 2. Public and local political support

U.S. Department of Energy
Energy Efficiency and Conservation Block Grant Program – Bipartisan Infrastructure Law 2021 (EECBG-BIL)
STRATEGY
Grant Number: SE0000188, State: WY, Program Year: 2023
Recipient: City of Cheyenne

☐ 3. Staff capacity

☐ 4. Other

7) How will your project(s) benefit disadvantaged communities? (check all that apply)

a. Benefits include (but are not limited to) measurable direct or indirect investments or positive project outcomes that achieve or contribute to the following in disadvantaged communities:

☒ i. A decrease in energy burden

☐ ii. A decrease in environmental exposure and burdens

☐ iii. An increase in access to low-cost capital

☐ iv. An increase in job quality (including paying prevailing wages for construction and maintenance projects by 2025)

☐ v. An increase in clean energy enterprise creation and contracting (e.g., minority-owned or disadvantaged business enterprises)

☐ vi. An increase in clean energy jobs, job pipeline, and job training for individuals from disadvantaged communities

☐ vii. An increase in parity in clean energy technology access and adoption

☐ viii. An increase in energy democracy

☐ ix. Other

I. Please explain

8) How will your strategy support the goal that 40% of the overall benefits of certain federal investments flow to disadvantaged communities, in line with the Justice40 initiative?

The Cheyenne Civic Center is located in Tract Number 56021000700 which is considered disadvantaged because it meets more than one burden threshold and the associated socioeconomic threshold. The energy retrofits benefit taxpayers in general by reducing costs and addressing the identified safety hazards and provide a safer environment for staff and visitors.
