

MEMORANDUM

TO: The Honorable Mayor Patrick Collins and City of Cheyenne Council Members
FROM: Robin Lockman, City Treasurer
DATE: March 4, 2024
SUBJECT: Re-Appropriation to be considered for approval

On March 11, 2024, the Governing Body will be referring a resolution to the Finance Committee to re-appropriate funds for the Fiscal Year (FY) 2024 City of Cheyenne Budget per W.S. § 16-4-112 and 16-4-113. Below is more detailed information regarding this re-appropriation request.

GENERAL FUND

1. **Wage Increases.** In November 2023, salary adjustments were approved for 116 city employees through resolution #6367. As I reported to you on December 1, 2023, four additional employees were identified that should have been included. These employees had previously moved to a different job title, but their job duties did not change, and therefore their earlier city work experience should have been weighed more heavily. Since that email was sent, Human Resources has identified an additional seven employees. This reappropriation will increase the applicable budget line items for the remaining six months of FY 2024 at a cost of \$18,155 from General Fund reserves and \$47,395 from all other funds.
2. **Repairs to the City's Activity Center.** A request of \$45,000 from General Fund reserves is being requested for Facilities Maintenance to make repairs to the City's Activity Center, which include fixing the sewer line, replacing the hot water tank, and installing a new door. These repairs will allow Animal Control to move into the building.
3. **Spiker Parking Structure Security Services.** A request of \$15,500 from General Fund reserves is being requested to hire professional security services at a cost of \$3,100 for five months to be provided at the Spiker Parking structure.
4. **Thomas Heights Settlement.** The Governing Body approved a settlement on the Thomas Heights lawsuit agreeing that the city will complete drainage improvements under an established upon timeline. An estimate to modify a nearby detention pond and install a sewer system is \$350,000 to be paid from General Fund reserves.

5. **Cheyenne National Cemetery Road Improvements Project.** \$4,500 is being requested from General Fund reserves to reimburse the City Engineer's professional services account for geotechnical services provided for improvements to the road at the Cheyenne National Cemetery. The remaining estimated project amount of \$245,000 will also be paid from General Fund reserves.
6. **US Environmental Protection Agency (EPA) Climate Pollution Reduction Grant Application Assistance (CPRG).** The Mayor approved a contract with the Rocky Mountain Institute (RMI) to assist with a time sensitive grant application for the US EPA CPRG Program Implementation Grant, which is due April 1st. \$60,000 is being requested from General Fund reserves.
7. **Purchase of BEAST Facility.** The Governing Body approved the purchase of the BEAST facility in the amount of \$4,259,075 (\$4,250,000 was approved through Contract #7896, plus \$9,075 in closing costs approved through Contract Modification #1). General Fund reserves are being requested to cover this purchase.
8. **BEAST Facility Property/Liability Insurance.** \$4,250 is being requested from General Fund reserves for property/liability insurance coverage of the new BEAST Facility.
9. **Axon Body Worn Video Cameras for Police Officers.** The Cheyenne Police Department received approval from the Governing Body to purchase 120 new body worn cameras for police officer staff. The total equipment cost is \$800,795, which is to be paid over a five-year period. The fiscal year 2024 payment is \$160,160 and is being requested from General Fund reserves.
10. **New Boilers for the Municipal Building.** \$240,292 is being requested from General Fund reserves to pay for the replacement of the Municipal Building boilers. The total cost to purchase the boilers was \$215,292 and was conducted through an emergency procurement with Ameri-Tech. An additional \$25,000 is being requested to pay for professional contract services to hire a mechanical engineer to assist with proper installation of the new boilers.
