MEMO

To: Honorable Mayor Patrick Collins and Members of the City Council
From: Sophia Maes, Planner I
Subject: PUDC-24-6 | Centennial Heritage, 3rd Filing | Final Plat
Date: May 13, 2024

Background:

The item for consideration is a *Final Plat*. This is approved by Resolution.

The proposed Governing Body review schedule is as follows:

- Introduction and Referral 05/13/2024
- Public Services Committee 05/21/2024
- Final consideration 05/27/2024

Planning Commission Recommendation:

The Planning Commission heard this item at their May 6, 2024 meeting and unanimously voted to recommend the Governing Body approve this application.

The Planning Commission Staff report is attached.

Attachments:

1. Resolution
2. Final Map
3. Planning Commission Staff Report

RESOLUTION NO. _____

ENTITLED: "A RESOLUTION AUTHORIZING THE MAYOR AND THE CITY CLERK TO SIGN A FINAL PLAT FOR CENTENNIAL HERITAGE, 3RD FILING, CITY OF CHEYENNE, LARAMIE COUNTY, WYOMING (LOCATED EAST OF SAVANNAH DRIVE AND SOUTH AND NORTH OF RALEIGH DRIVE)."

WHEREAS, Gateway Rentals, LLC and Sun Valley Estates, LLC has subdivided said land in accordance with the statutes in such cases made and provided;

WHEREAS, Gateway Rentals, LLC and Sun Valley Estates, LLC the owner of the above-described land, has caused a subdivision plat of said land to be made, acknowledged, and certified, particularly describing the lots, blocks, easements, and rights-of-way; and

WHEREAS, the above-described subdivision plat has been presented to the City of Cheyenne Planning Commission for consideration; the Planning Commission has recommended that said plat be approved by the Governing Body; and the plat has been duly executed by the Development Office.

NOW, THEREFORE BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF CHEYENNE, WYOMING, that the subdivision described as Centennial Heritage, 3rd Filing, Cheyenne, Wyoming, be and the same hereby is approved and confirmed as presented, and that the Mayor and the City Clerk be and are hereby authorized, empowered, and directed to execute said plat, when Community Facility Fees have been paid in full.

PRESENTED, READ AND ADOPTED this _____ day of _____, 2024.

Patrick Collins, Mayor

(SEAL)

ATTEST:

Kristina F. Jones, City Clerk

CITY OF CHEYENNE PLANNING COMMISSION
MAY 6, 2024
STAFF REPORT

FILE: PUDC-24-6: Centennial Heritage, 3rd Filing (Expedited Review)

REQUEST: Replat all of Lots 1 thru 7, Block 1, Centennial Heritage, 2nd Filing and a portion of Lot 1, Block 3, Centennial Heritage, 1st Filing.

LOCATION: Along Raleigh Drive east of Savannah Drive.

APPLICANT: Casey Palma

OWNER: Gateway Rentals, LLC and Sun Valley Estates, LLC

ZONING: MR Medium Density Residential District

PURPOSE: A replat from a Multifamily Project to Single-Family AD + SD fee-simple lots.

PREPARED BY: Sophia Maes, Planner I

RECOMMENDED MOTION:

Move to **approve** the Centennial Heritage, 3rd Filing Preliminary Plat, advancing the Final Plat to the Governing Body with staff recommended conditions and acknowledgements.

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.1.2 Preliminary Plat Approval
- UDC 2.1.3 Final Plat Approval
- UDC Article 4 Subdivisions
- UDC Article 5 Zoning Regulations
- PlanCheyenne

BACKGROUND:

The applicant is requesting approval of an expedited preliminary plat for about 2.05 acres of land. The subject property is currently vacant land and is currently platted for multifamily development.

SURROUNDING LAND USE AND ZONING:

	Future Land Use Designation	Zoning	Land Use
Subject Site	Urban Residential	MR Medium Density Residential	Vacant
North	Urban Residential	MR	Single-family Detached Residential
South	Urban Residential / Industrial	MR, HI Heavy Industrial	Vacant, Railroad, Industrial
East	Urban Residential	MR	Vacant, Single-family Detached Residential
West	Urban Residential, Open Space	MR, P Public	Railroad / Vacant

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

Should the Planning Commission wish to recommend approval of the Preliminary Plat, the Commission must make the following findings required in UDC 2.1.2.d – a detailed analysis is below:

1) The application is in accordance with the development policies and physical patterns identified in the Comprehensive Plan. (UDC 2.1.2.d.1)

This development is in conformance with the principles and future land uses identified in PlanCheyenne. The property is within the Urban Service Boundary and has access to all utilities. The future land use map within PlanCheyenne identifies this area as Urban Residential, which is encouraged to develop with a mix of residential uses and densities. The plat provides medium density lots for townhome development.

The application **complies** with this review criterion.

- 2) **The application reflects sound planning and urban design principles with respect to existing and potential future development in the vicinity, including consideration of current and future streets, open spaces, blocks and lots, and public utilities or facilities. (UDC 2.1.2.d.2)**

The proposed plat divides eight lots into eighteen lots. The northern lot (currently Lot 1, except the North 12 feet, Block 3, Centennial Heritage) is proposed to be divided into three (3) AD1 lots, each with 25-foot frontages. The southern lots (Centennial Heritage, 2nd Filing Lots 1 thru 5, Block 1), are proposed to be divided into fifteen (15) lots (a mix of AD and SD lots).

Townhomes mixed with single-family and duplex development creates a mix of housing options within an area which is considered beneficial from an urban design perspective.

The application **complies** with this review criterion.

- 3) **The division of land meets the purposes, intent, and all applicable standards in Article 4. (UDC 2.1.2.d.3)**

Community Facility Fees (4.2):

For fees based on acreage, the area of the plat is pro-rated to the nearest tenth of an acre. Lands reserved as unbuildable (for right-of-way, detention, parks, remainder lots, etc), are exempt from fees.

Land Acquisition Fee	\$735 (\$350 per acre)
Infrastructure Fee	\$735 (\$350 per acre)
Total Land Acquisition & Infrastructure Fees	\$1,470
(2.1 total acres)	

Per UDC Section 4.2.5, Table 4-2, the Land Acquisition & Infrastructure fee are payable at the time of the signing of the final plat. Previously paid fees may be credited toward this payment. Centennial Heritage, 2nd Filing is assumed to have paid all applicable plat fees at the time it was filed; however, since this plat adds previously exempt land, a portion of the required fees will still be charged with this platting action.

Per UDC Section 4.2.5, Table 4-2, Enhancement Fees are payable at the issuance of a building permit for each structure.

Residential Enhancement Fee	\$400 per dwelling unit
Commercial Enhancement Fee	\$1,100 per acre

Transportation Network (4.3):

The applicant does not propose any extensions or new connections. Townhome (“attached”) lots are not allowed front access if the lot is less than 36’ wide. The plat does not provide an access easement or alley for access to the central lots. These lots would need relief from UDC 4.3.6.c to allow front access. Block 1 is too large; however, Staff recommends the Planning Commission or City Council approve an exception due to the railroad proving a low potential for an effective connection through this property (per UDC 4.3.3.c.2).

The applicant will need to provide an alley for rear-loading townhomes or provide a subdivision standards waiver. The plat proposes front access for townhome (AD1) lots, which is prohibited by UDC 4.3.6.c. The applicant has submitted a subdivision standards waiver to request relief.

Open Space (4.4):

With the Centennial Heritage, 2nd Filing plat, a parcel of land south of this proposed development was dedicated to the City Greenway and this proposed infill project will provide a connection to the Greenway trail.

Required Improvements (4.5):

This plat does appear to be able to provide all required utilities to the lots within this development. However, the preliminary plat shows water services set between sanitary services, which could present future undesired maintenance access issues (at the corner of Raleigh Drive and Taft Avenue). Water services will also need to be discussed for civil plans. These issues will be coordinated and resolved with construction.

The submitted plat does not show an 'escape' easement for Black Hills Energy to make its system 'whole' as the development is built (for which an 8-foot-wide easement along the west property line of Lot 8, Block 1 was requested). The applicant and Black Hills Energy need to coordinate to resolve the issue and add any required easements to the plat.

Public Safety Fees (4.6):

Public Safety Fees are required at the time of construction of any commercial building or residential building on any of the proposed lots. Per UDC Section 4.6.3.b, Public Safety Fees are payable at the issuance of a building permit for each structure.

The application **complies** with this review criterion, with conditions.

- 4) Any phasing proposed in the application is clearly indicated and demonstrates a logical and well-planned development pattern. This may include consideration of amenities and public facilities of the subdivision within each phase compared to the anticipated timing or the likelihood of future phases being constructed as planned. (UDC 2.1.2.d.4)**

No specific phasing is proposed with this project.

Review criterion **not applicable**.

- 5) The impacts identified in specific studies or technical reports that were prepared or requested to be prepared in association with the application, and whether the findings and recommendations of these reports, or any modifications or conditions on approval of the application, can mitigate these impacts. (UDC 2.1.2.d.5)**

Drainage:

A drainage study was submitted and reviewed. The applicant has proposed a drainage easement for Lot 15, Block 1, which will have shared ownership between all fee-simple lot owners Lots 1 thru 14, and will provide a blanket easement for open space, drainage, utilities, and public or private facilities.

The applicant provided a letter from the engineer of record indicating the proposed changes to the plat are in conformance with the previously approved subdivision drainage plan.

Traffic:

A traffic study was submitted and reviewed. There were no concerns about the study provided.

The application **complies** with this review criterion, with conditions.

- 6) Lots proposed for development shall be buildable lots according to the existing or proposed zoning district standards, result in design and development patterns that meet the Intent and Applicability statements of the existing or proposed zoning district, and not aggravate nonconforming setbacks or currently adopted building and fire code access and separation requirements. (UDC 2.1.2.d.6)**

This plat proposes seventeen (17) buildable lots according to the MR Medium Residential Zone. Lots 1-14, Block 1 and Lots 1-3, Block 2 are proposed for residential development of townhomes and semi-attached duplexes, which are permitted as-of-right in the MR Zone.

All lots proposed for development are buildable lots in this zone district.

The application **complies** with this review criterion.

- 7) All parcels not proposed as buildable lots and which are not dedicated to and accepted by the City shall have a clearly defined entity responsible for ongoing maintenance. (UDC 2.1.2.d.7)**

Lot 15, Block 1 is proposed to be a non-buildable lot. Note #5 on the plat indicates that it will serve as a blanket easement for open space, drainage, utilities, and public or private shared facilities. This lot will be established by equal, undivided interest of all owner(s) of fee-simple Lots 1 thru 14, Block 1.

The application **complies** with this review criterion.

- 8) The application will not create any undue influence on existing or potential development for adjacent property considering the existing zoning and Comprehensive Plan policies for that property. (UDC 2.1.2.d.8)**

This plat will not create any undue influence on existing or potential development. The lots are proposed for future single unit residential development which is similar to what is in the area as well.

The application **complies** with this review criterion.

- 9) The application is not harmful to the public health, safety, and welfare. (UDC 2.1.2.d.9)**

City staff is satisfied that this proposed plat would not adversely affect the public health, safety, or general welfare.

The application **complies** with this review criterion.

- 10) Remainder lot(s) shall be clearly identified on the preliminary plat and shall not be developed or proposed for development for purposes. Remainder lot(s) shall be noted and described on all plats either graphically or by legal description. (UDC 2.1.2.d.10)**

This plat does not propose any remainder lots.

Review criterion **not applicable**.

- 11) The layout and design of the final plat is in substantial compliance with the approved preliminary plat considering the number of lots or parcels, street and block layout, and access, and any deviations in the final plat brings the application in further compliance with the Comprehensive Plan. (UDC 2.1.3.d.1)**

The Final Plat submitted with the application is substantially similar to the Preliminary Plat submitted.

The application **complies** with this review criterion.

- 12) The application meets any conditions or modifications of the approved preliminary plat. (UDC 2.1.3.d.2)**

Through the review process and application of the Preliminary Plat, Staff recommends one condition to the plat. This correction should be resolved prior to final plat approval.

The application **complies** with this review criterion, with conditions.

- 13) The application meets the purposes, intent, and applicable standards of Article 4. (UDC 2.1.3.d.3)**

As a concurrent Preliminary and Final Plat application, this Final Plat review criterion is covered by the equivalent Preliminary Plat review criterion (subsection 3 above).

The application **complies** with this review criterion, with conditions.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- PlanCheyenne

Conformance with PlanCheyenne is covered by review criterion 1.

STAFF REVIEW:

Through the review process, comments were received regarding the following issues:

1. Delineation of an 'escape' easement of 8 feet in width along the west property line of Lot 8 Block 1 to allow Black Hills Energy to make system 'whole' again as the development is built.
2. Plat shows water services set between sanitary services, which could present future undesired maintenance access issues (at the corner of Raleigh Drive and Taft Avenue).
3. Water services will need to be discussed for civil plans.

CONCLUSION:

Staff analysis is that the application meets the review criteria and therefore recommends approval of the expedited plat application as submitted by the applicant with conditions.

As noted in Criterion 3, the applicant has requested relief via a subdivision standards waiver for front-loading townhomes. Staff would ask that it be taken into consideration when reviewing the plat.

Also in Criterion 3, the plat fails to show a delineation of an 8-foot 'escape' easement for Black Hills Energy along Lot 8 Block 1.

ALTERNATIVES:

1. Recommend approval of the expedited preliminary plat, forwarding the Final Plat to the Governing Body.
2. Recommend approval of the preliminary plat with conditions and that a final plat addressing the conditions of approval be prepared and presented to the Governing Body.
3. Recommend approval of the preliminary plat as submitted by the applicant and forward the preliminary plat to the Governing Body.
4. Recommend approval of the preliminary plat subject to staff's recommended conditions and forward the preliminary plat to the Governing Body.
5. Recommend denial of the preliminary plat based on findings of denial. The Planning Commission must conclude that the project does not meet all the review criteria. As part of the motion, findings for denial must be stated.
6. Postpone the project until issues identified during the meeting can be resolved.

General Information Regarding Alternatives:

The Planning Commission may modify staff's recommended conditions, delete conditions, add conditions, or decide contrary to staff's recommendation. In the event conditions are modified, the conditions shall relate to applicable review criteria. In the event that the Commission acts contrary to staff's recommendation or modifies conditions of approval, the Commission shall cite specific reasons (based on the review criteria) for approval or denial.

STAFF RECOMMENDATION:

Staff recommends approval with the following conditions:

1. The following exception to be granted: Exception to Block size
2. Acknowledgement of relief: Access to a street for lots less than 36' wide (Subdivision Standards Waiver)
3. Prior to City Council approval: Resolve the issue with Black Hills Energy utilities and easements to the satisfaction of Black Hills Energy.

Application Information

This application has a deadline. The deadline is the second Wednesday of the month. Application Schedule.

An expedited review is when both a preliminary and final plat are submitted to the Planning Commission together. To be eligible for expedited review the preliminary plat shall contain no significant planning, design, and engineering issues. Upon determination by staff, the applicant may submit a preliminary and final plat to the Planning Commission.*

I acknowledge the that Expedited status is not guaranteed.*

Written Statement*

Replat from Multifamily Project (Development Conditions Changed) to Single-Family AD + SD fee-simple lots

Project Name*

Proposed Lots* 

18

Pre-application Meeting Date

12/13/2023

Park Fees are due at time of signing of the final plat
mylar (see UDC 4.2.5). I acknowledge that this plat
may be required to pay plat-level Park Fees.*

Public Improvements are required with platting 
actions. Please select the option that best
demonstrates your intent for the public streets
and other infrastructure adjacent to or within the
plat boundary.*

Owner(s) (or developers) behind the plat
application will construct the needed
infrastructure.

Review Criteria

The following review criteria are found in the UDC regarding a Preliminary Plat.
Please acknowledge the proposed plat meets each review criterion by checking the
box.

The application is in accordance with the
development policies and physical patterns
identified in the Comprehensive Plan (2.1.2.d.1).*

The application reflects sound planning and urban
design principles with respect to existing and
potential future development in the vicinity,
including consideration of current and future
streets, open spaces, blocks and lots, and public
utilities or facilities (2.1.2.d.2).*

The division of land meets the purposes, intent, and all applicable standards in Article 4 (2.1.2.d.3).*

Any phasing proposed in the application is clearly indicated and demonstrates a logical and wellplanned development pattern. This may include consideration of amenities and public facilities of the subdivision within each phase compared to the anticipated timing or the likelihood of future phases being constructed as planned (2.1.2.d.4).*

The impacts identified in specific studies or technical reports that were prepared or requested to be prepared in association with the application, and whether the findings and recommendations of these reports, or any modifications or conditions on approval of the application, can mitigate these impacts (2.1.2.d.5).*

Lots proposed for development shall be buildable lots according to the existing or proposed zoning district standards, result in site design and development patterns that meet the Intent and Applicability statements of the existing or proposed zoning district, and not aggravate nonconforming setbacks or currently adopted building and fire code access and separation requirements (2.1.2.d.6).*

All parcels not proposed as buildable lots and which are not dedicated to and accepted by the City shall have a clearly defined entity responsible for ongoing maintenance (2.1.2.d.7).*

The application will not create any undue influence on existing or potential development for adjacent property considering the existing zoning and Comprehensive Plan policies for that property (2.1.2.d.8).*

The application is not harmful to the public health, safety, and welfare (2.1.2.d.9).*

Remainder lot(s) shall be clearly identified on the preliminary plat and shall not be developed or proposed for development for purposes. Remainder lot(s) shall be noted and described on all plats either graphically or by legal description (2.1.2.d.10).*

The following review criteria are found in the UDC regarding a Final Plat. Please acknowledge the proposed plat meets each review criterion by checking the box.

The layout and design of the final plat is in substantial compliance with the approved preliminary plat considering the number of lots or parcels, street and block layout, and access, and any deviations in the final plat brings the application in further compliance with the Comprehensive Plan (2.1.3.d.1).*

The application meets any conditions or modifications of the approved preliminary plat (2.1.3.d.2). (Not applicable at time of application for an expedited plat)

The application meets the purposes, intent, and applicable standards of Article 4 (2.1.3.d.3).*

Certification

I hereby certify that I am the owner, applicant, or agent named herein and that I have familiarized myself with the rules and regulations with respect to the filing of this application and that the foregoing statements and answers contained on this application and accompanying documents are true and accurate to the best of my knowledge.*
