- i. "Profile Sheet" means a standard Waste Profile Sheet executed by CITY.
- ii. "Services" means analytical, collection, management, treatment, remediation, transportation, disposal and recycling services and such other services which CONSULTANT may perform from time to time with respect to CITY's waste materials.
- iii. "Waste Materials" shall mean any chemical, substance or material designated or regulated as a "hazardous material," "hazardous waste," "toxic substance" or any similar designation (including petroleum products) by any national, federal, state, provincial, or local government (including any agency, authority, department, instrumentality or other subdivision of the foregoing) having or asserting environmental regulatory jurisdiction with respect to the substance or material generated pursuant to 40 CFR 260.10.
- iv. "Universal Wastes" means those wastes defined in 40 CFR §273.9.
- v. "Facility" means a storage, treatment and/or disposal facility owned or audited and approved by CONSULTANT, and which is permitted to accept waste materials under applicable laws and regulations.

B. CITY warrants that the Waste Materials in the Profile Sheet will contain a true and correct description of CITY's Waste Material and that such Waste Material will conform to this description. If CITY's Waste Materials do not conform to the descriptions and specifications stated in the corresponding Profile Sheet, CONSULTANT and CITY shall, in good faith, attempt to amend the Profile Sheet and any other pertinent documents and/or correct any improper containerization, marking or labeling to enable CONSULTANT to accept such non-conforming Waste Materials at a disposal Facility. If the parties cannot, within a reasonable time after CONSULTANT notifies CITY the Waste Materials are non-conforming, resolve the same as set forth above, CITY shall make prompt arrangements for the removal of such non-conforming Waste Materials from the Facility at which they are located to another lawful place of storage or disposal. CITY agrees to pay CONSULTANT its reasonable expenses and charges incurred with respect to CITY's non-conforming Waste Materials. In the event CONSULTANT performs services on premises owned or controlled by CITY, CITY will provide CONSULTANT with a safe workplace, and if CONSULTANT requests that work areas be secured, CITY will be solely responsible for securing such work areas and for preventing anyone other than the designated personnel from entering the designated work areas.

In the case of Universal Wastes, CITY must provide an accurate piece count for each of the items being shipped to the CONSULTANT (lamps, bulbs, monitors, etc.). In the absence of the piece count on shipping documents, the piece count made by CONSULTANT at the receiving Facility shall be conclusive and final.

C. With respect to any Waste Materials being shipped to a third party facility for disposal, and notwithstanding anything to the contrary in this Agreement, CONSULTANT's aggregate liability arising out of services provided hereunder, other than transportation services provided by CONSULTANT or storage, treatment and/or disposal services provided by CONSULTANT at CONSULTANT's locations, shall not exceed the greater of the aggregate fees paid in any calendar year hereunder or one million dollars (\$ 1,000,000).

IN WITNESS WHEREOF, the Parties to this Agreement, through their duly authorized representatives, have executed this Agreement on the days and dates set out below and certify that they have read, understood, and knowingly and voluntarily agreed to the terms and conditions of this Agreement.
