MEMO

To: Honorable Mayor Patrick Collins and Members of the City Council
From: Connor White, Planner II
Subject: County Pocket Annexation #4
Date: November 12, 2024

Background:

The item for consideration is an Ordinance. Annexation of County pockets is a 2022 City Council priority. A "County pocket" is an area of unincorporated land 100% surrounded by the City of Cheyenne. A related "Assigned Zoning" pursuant to Unified Development Code (UDC) Section 2.2.8 ordinance is also on the agenda.

The proposed Governing Body review schedule is as follows:

- Introduction and referral: November 12, 2024
- Public Services Committee: November 19, 2024
- Second Reading: November 25, 2024
- Public Services Committee: December 3, 2024
- Third and Final Reading: December 9, 2024

This annexation is comprised of 26 properties 100% surrounded by the City (See attached map). Of the 26 parcels, 23 are developed with residential uses and others are undeveloped or incorporated into adjacent parcels under similar ownership. The City has maintained contact with the County Planning Office to coordinate any pending permits or development reviews. Currently there are no active permits or development specific to the properties proposed for annexation.

On September 25, 2024, City staff mailed a courtesy notice by first class mail to all landowners included in this annexation area inviting them to a "Question and Answer" on Wednesday, October 9, 2024. Twenty people attended this meeting. Discussion, comments, and questions primarily surrounded the annexation component. During the meeting staff provided information regarding trash collection, snow plowing, water and sewer services and what to expect with the annexation.

The existing use of any property annexed, including any livestock use, will be allowed to continue as is as a nonconforming use. Nonconforming uses may continue until they are abandoned for a period of 12-months. Residents within pockets have been encouraged to complete a Land Use Documentation form detailing the existing use of the land for documentation purposes. At the time of drafting of this memo, one property owner within the area has completed a land use documentation form which is attached. Providing a completed form is not required nor does it prohibit a property owner from

making future claims that a use was pre-existing. The form is simply a tool to assist future City staff members to determine if a use was in existence at the time of annexation.

City-initiated annexations do not require an owner's signature. To initiate an annexation, the City must adopt a resolution certifying that the annexation complies with Wyoming State Statute § 15-1-402. After the City adopts this resolution, the annexation follows the typical schedule, including a public hearing and the approval of an Ordinance which annexes the land. The Governing Body adopted Resolution No. 6433 initiating this annexation on October 28, 2023.

As with any annexation, City services will be extended to service the land contained in the annexation. City utilities are already located in the vicinity. Police, fire, and sanitation services will be provided. As several parcels of land contained in this annexation area are developed, City sanitation service will need to be established and landowners have been notified of this required change. Infrastructure improvements required related to the annexation are minimal. Future development such as subdivision or new development will require on- and off-site infrastructure improvements. Existing infrastructure will remain as is upon annexation. All roads adjacent to annexed parcels are within City limits and maintained by the City.

The areas proposed for annexation are adjacent to land under City jurisdiction. Development in this area is a natural extension of the City. 100 % of the perimeter of the annexation area is contiguous to City limits.

Due to meeting the review criteria found in Wyoming Statute § 15-1-402 and the annexation conforming with the 2022 City Council goal to annex County pockets, staff recommends approval of this annexation.

Staff Recommendation:

Staff recommends the Governing Body approve the Annexation Ordinance.

CITY OF CHEYENNE GOVERNING BODY
NOVEMBER 12, 2024
STAFF REPORT

FILE: PUDC-24-189: County Pocket #4 - Annexation

REQUEST: An annexation of 26 properties 100% surrounded by the City.

LOCATION: East of Ridge Road, west of Whitney Road, and along Dell Range Boulevard.

PURPOSE: Annexation of County pockets is a 2022 City Council priority.

PREPARED BY: Connor White, Planner II

APPLICABLE CITY CODE SECTION(S) AND PLANS:

- UDC 2.4.2 Annexations
- PlanCheyenne

BACKGROUND:

Annexation of County pockets is a 2022 City Council priority. A “County pocket” is an area of unincorporated land 100% surrounded by the City of Cheyenne. City-initiated annexations do not require an owner’s signature. To initiate an annexation, the City must adopt a resolution certifying that the annexation complies with Wyoming State Statute § 15-1-402. After the City adopts this resolution, the annexation follows the typical schedule, including a public hearing and the approval of an Ordinance which annexes the land. The Governing Body adopted Resolution No. 6432 initiating this annexation on October 28, 2023.

This annexation is comprised of 26 properties 100% surrounded by the City (See attached map). Of the 26 parcels, 23 are developed with residential uses and others are undeveloped or incorporated into adjacent parcels under similar ownership.

Land annexed to the City requires a City zone. An assigned zoning ordinance is accompanying this annexation to assign the AR, LR, MR, and MUR zones.

ANALYSIS OF APPLICATION CONFORMANCE WITH REVIEW CRITERIA:

To approve the annexation Ordinance, the Governing Body must make the following findings required in WS 15-1-402; a detailed analysis of which is below:

1) An annexation of the area is for the protection of the health, safety and welfare of the persons residing in the area and in the city or town. [WS 15-1-402 (a) (i)]

The annexation of these properties will increase the health, safety, and welfare of the future occupants. By being in City limits, the property will receive access to City Fire and Police and sanitation services. The properties will also have the option of connecting to City water and sanitary sewer instead of having wells and septic systems.

The application **complies** with this review criterion.

2) The urban development of the area sought to be annexed would constitute a natural, geographical, economical and social part of the annexing city or town. [WS 15-1-402 (a) (ii)]

These properties constitute a natural, geographic, economic, and social part of the city. The properties are surrounded by City on all sides. The contiguity to the City and the proximity to surrounding urban-style development makes the parcels a natural geographic part of the City.

The application **complies** with this review criterion.

- 3) **The area sought to be annexed is a logical and feasible addition to the annexing city or town and the extension of basic and other services customarily available to residents of the city or town shall, within reason, be available to the area proposed to be annexed. [WS 15-1-402 (a) (iii)]**

The area is a logical and feasible addition to the City due to the reasons previously listed. All City services normally available to residents will also be made available. Police and fire protection will be extended upon annexation. Utilities exist in the area and will be expanded into the proposed area as they redevelop.

The application **complies** with this review criterion.

- 4) **The area sought to be annexed is contiguous with or adjacent to the annexing city or town, or the area meets the requirements of W.S. 15-1-407. [WS 15-1-402 (a) (iv)]**

The area proposed for annexation is 100% contiguous on all sides.

The application **complies** with this review criterion.

- 5) **If the city or town does not own or operate its own electric utility, its governing body is prepared to issue one (1) or more franchises as necessary to serve the annexed area pursuant to W.S. 15-1-410. [WS 15-1-402 (a) (v)]**

Utility franchises are in place to serve the annexed area.

The application **complies** with this review criterion.

- 6) **The annexing city or town, not less than twenty (20) business days prior to the public hearing required by W.S. 15-1-405(a), has sent by certified mail to all landowners and affected public utilities within the territory and by first class mail to any persons owning property that is adjacent to or within three hundred (300) feet of the territory proposed to be annexed, regardless of whether the property is inside or outside the corporate limits of the annexing city or town and regardless of whether the city or town is exercising authority under W.S. 15-3-202(b)(ii), a summary of the proposed annexation report as required under subsection (c) of this section and notice of the time, date and location of the public hearing required by W.S. 15-1-405(a). [WS 15-1-402 (a) (vi)]**

A certified mailing was made to the landowners and public utilities on October 10, 2024. Neighbors within 300' were mailed first-class letters the same day. The public hearing for this annexation is scheduled for November 12, 2024. Twenty (20) business days (on the City's calendar) prior to the announced public hearing is October 14, 2024. The earliest confirmation of delivery was dated October 12, 2024.

The application **complies** with this review criterion.

CONFORMANCE WITH APPLICABLE PLANS:

The project is located in an area covered by the following plans:

- Plan Cheyenne

The Future Land Use Map of PlanCheyenne, as updated by Connect 2045, anticipates this area of the community to develop with urban residential uses and a little bit of Mixed-use Residential uses. These areas are expected to develop with full access to urban services – such areas are best served by being within City limits. The area is within the Urban Service Boundary.

STAFF REVIEW:

Through the review process, no comments were received.

CONCLUSION:

Staff is satisfied that the application meets the review criteria and therefore recommends approval of the annexation.

The proposed annexation is a natural extension of the City, is contiguous to the current City limits, and most services typically available to urban areas are available to be extended to this property.

STAFF RECOMMENDATION:

Staff recommends approval of the annexation of the property.
