

RESOLUTION NO. _____

ENTITLED: "A RESOLUTION ENCOURAGING CITY STAFF TO SOLICIT PUBLIC COMMENT ON CHANGES TO THE ADMINISTRATION OF SANITATION PICKUP LOCATIONS AND FURTHER DIRECTING CITY STAFF TO COORDINATE WITH UNIVERUS, INC., TO SCHEDULE A MEETING BEFORE THE GOVERNING BODY REGARDING THE SANITATION REROUTING AND OPTIMIZATION PROJECT."

WHEREAS, the Governing Body of the City of Cheyenne recognizes the need for residents to have a safe and convenient location to place their refuse cans for pickup by sanitation trucks;

WHEREAS, particularly in older neighborhoods, alleys are a more convenient place for residents to store and place their refuse cans for pickup;

WHEREAS, while sanitation services are a necessary component of everyday life, residents must receive these services from the City of Cheyenne pursuant to the Cheyenne municipal code, as opposed to a third-party service provider;

WHEREAS, on May 13, 2024, the Governing Body of the City of Cheyenne approved a professional services agreement (PSA) between the City of Cheyenne and Univerus, Inc., (the Contractor) for the Sanitation Rerouting and Optimization Project, which agreement was in the amount of one hundred forty-two thousand six hundred seventy-six dollars (\$142,676.00);

WHEREAS, the PSA required that the Contractor complete its work on or before January 31, 2025 and further required the company to present the findings from its analysis to the governing body;

WHEREAS, in accordance with the terms of the PSA, the Contractor analyzed the City of Cheyenne Sanitation Program for the purpose of identifying areas of optimization and efficiency, which analysis examined potential modifications to sanitation routes including changes to alley collection services for refuse pickup locations for Cheyenne residents;

WHEREAS, as part of its work, the Contractor has concluded that efficiencies will be achieved by discontinuing current residential alley collection services in favor of collection at residential street curbs;

WHEREAS, shifting collection from alley pickup to street curb pickup is a material change for sanitation customers and one that warrants public input, especially because sanitation services for residents under the municipal code must be provided through the City of Cheyenne; and

WHEREAS, to date, the Contractor has not presented its analysis to the Governing Body as required under the terms of the PSA, nor has the City solicited any public comment on the

discontinuation of residential alley collection services in favor of collection at residential street curbs.

NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF CHEYENNE, WYOMING, that in the interest of fostering community input and involvement, the Public Works Department is hereby requested to schedule a public meeting at a time and venue of public convenience, such as the Kiwanis Community House located in Lion's Park, to give Cheyenne residents the opportunity to provide public comment on this sanitation services issue;

BE IT FURTHER RESOLVED, that the Public Works Department is also strongly encouraged to solicit written public comment prior to the date of the public meeting to further allow residents to provide input on this issue, which solicitation could be accomplished through the use of the contact information provided under the Public Works Department portal on the City of Cheyenne website;

BE IT FURTHER RESOLVED, that the Public Works Department is expected to coordinate with the Contractor to schedule the required presentation before the Governing Body, through which the Contractor may present the results of its Sanitation Rerouting and Optimization Project as required by the PSA; and

BE IT FINALLY RESOLVED, that the Public Works Department should endeavor to schedule the public meeting and required presentation on or before January 17, 2025.

PRESENTED, READ AND ADOPTED this _____ day of _____, 2024.

Patrick Collins, Mayor

(SEAL)

ATTEST:

Kristina F. Jones, City Clerk
