

RESOLUTION NO. _____

ENTITLED: "A RESOLUTION DIRECTING CITY STAFF TO EVALUATE AND DETERMINE AN EFFECTIVE DRAINAGE PLAN FOR THE INTERSECTION OF BEVANS STREET AND WILLS ROAD AND THE ADJACENT AREAS."

WHEREAS, community members from the area surrounding the intersection of Bevans Street and Wills Road have reported concerns on this intersection multiple times during warm temperatures and cold temperatures, to include events of massive flooding and the buildup of sheets of ice;

WHEREAS, the surface water issues associated with this intersection have resulted in many issues including stalled vehicles stranded in the flooded intersection and traffic detours through the adjacent neighborhoods due to vehicle crashes and other emergency events on nearby Ridge Road;

WHEREAS, community members in this area are also fearful of flood waters approaching their homes during weather events and of the potential loss of life and property damage in the event of vehicle collisions during the winter months when the intersection is covered in ice;

WHEREAS, the Governing Body of the City of Cheyenne recognizes the need to remedy the collection of surface water during weather events at the intersection of Bevans Street and Wills Road and provide for adequate drainage;

WHEREAS, in recognition of drainage issue surrounding the intersection of Bevans Street and Wills Road, on November 8, 2023, the City of Cheyenne executed a professional services agreement with Ardurra Group, Inc. for a drainage improvement feasibility investigation;

WHEREAS, the Governing Body realizes that a project of this magnitude likely requires many upstream and downstream components to alleviate the surface water issues associated with this area;

WHEREAS, the Governing Body recognizes that property acquisitions and negotiations with other governmental agencies may also be necessary to alleviate flooding in this area;

WHEREAS, funding mechanisms to address the surface water management concerns at the intersection of Bevans Street and Wills Road are best identified by the City Engineer's Office, and funding for such a project may include funds from General Fund reserves, Ward contingency funds and other funding available to be approved by the Governing Body.

NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF CHEYENNE, WYOMING, that the Office of the City Engineer, in coordination with other City Staff, is hereby requested to update the Governing Body on the status of the previously executed professional services agreement with Ardurra, and to otherwise evaluate and determine an effective drainage plan for the intersection of Bevans Street and Wills Road and the adjacent areas.

PRESENTED, READ AND ADOPTED this _____ day of _____, 2024.

Patrick Collins, Mayor

(SEAL)

ATTEST:

Kristina F. Jones, City Clerk
