Justin Arnold, Planning Program Manager, said that the proposed Ironhorse, 3rd Filing is a 71-acre subdivision with 16 residential lots, averaging 5.25 acres each. The proposed development will be accessed primarily by Yellowstone Road, though it may also be accessed by Hynds Boulevard. The Preliminary Development Plan was approved by the Planning Commission on May 11, 2023, with the condition that the

applicant revise the overall lot density to comply with the land use regulations in the final plat submission. A D.E.Q. Chapter 23 non-adverse recommendation has been received. .

Casey Palma, applicants agent, was introduced and said the development was reconfigured when an Outside Users Agreement with the City was not approved. Individual wells and septic systems will serve the subdivision.

Public notification was completed and the only comment received was an inquiry into how Lot 16 would be accessed. Agency review comments have been addressed and plat corrections made, including the potential vacation of a portion of Buck Brush Road.

Chairman Caughey opened the hearing for Public Comments on the Ironhorse, 3rd Filing Subdivision and Plat. Mike Cahoon asked if there would be a fence installed to the west of Buck Brush Road, concerned that there is a potential for existing well interference by the new development, and why gross acres can be used instead of net acres to meet the minimum lot sizes.

Seth Lloyd, Cheyenne Planner, said that the City would like to see Buck Brush Road expanded, not vacated, to allow the redevelopment of parcels to the east and to provide a connection to Riding Club Road.

Casey Palma responded to remarks and said that the applicant prefers to leave the R-O-W in place to provide access to an open space or for a trail or pedestrian connection if needed. The gross acreage can include R-O-W since this is property that will never be built on.

Jason Arnold said that Buck Brush Road could be vacated later by a petition initiated by residents and did not need to be part of this project.

Chairman Caughey closed the hearing and called for a motion and discussion on the Ironhorse, 3rd Filing Subdivision and Plat.

A motion was made by Mark Smith, seconded by Natacha Gaspar to adopt the findings of fact a and b of the staff report and to recommend approval of the Subdivision Permit and Plat for Ironhorse, 3rd Filing to the Board of County Commissioners with no conditions. Vote 4-0.
