Cate Cundall, Laramie County Planner, said that AVI, PC, on behalf of WC Investments, Inc., submitted an application for a Zone Change at 4919 Cheyenne Street. The application was submitted for the purpose of changing the zone district from AR-Agricultural Residential to LI-Light Industrial to allow for an RV Storage Facility.

The property is assessed as residential land and is bordered by LI, PUD, MR, and MU zone districts. Some existing buildings will remain but the remainder will be

demoed. The main entrance will be off Polk Avenue at the existing shared approach and the Cheyenne Street access will be abandoned.

To grant a zone change, the Planning Commission must find one of three criteria listed in Section 1-2-103(b) of the LCLUR. Two criteria has been met by the type of development proposed and by meeting all of Planning's application criteria. Rezoning is unlikely to adversely impact the area.

Brad Emmons, agent for the applicant, said the subject property had been a junkyard but has been cleaned up. The owner now wants to establish a storage facility for RV's and boats and a zone change to LI is required. Mr. Emmons said the Cheyenne Street access off the dirt road was planned to be left and used only as an emergency fire access. If left, Public Works is requiring the applicant to pave Cheyenne Street. He and his client feel if there is a secondary fire access off a dirt road it should not require paving of that road. When they appear before the County Commissioners they plan to ask that the Cheyenne Street access remain and not be required to be paved.

Mr. Emmons asked that when the changes to the Land Use Regulations come before the commission for approval they consider including that if an applicant wants to use an existing access off a dirt road as an emergency access they are not required to pave the road.

Chairman Caughey opened the Public Hearing and receiving no comments the hearing was closed and a motion and discussion was called for.

A motion was made by Mark Smith, seconded by Natacha Gaspar to adopt the findings of fact a and b of the staff report and recommend approval of the Zone Change from AR to LI for the north 116 feet of Tracts 143 and 144, Sunnyside Addition, 5th filing, to the Laramie County Board of Commissioners with no conditions. Vote 4-0.

Aye: Caughey, Stadel, Gaspar, Smith

Excused: Watkins

Adjournment

There being no further business the meeting was adjourned at 3:39 P.M.

CERTIFICATION

True and correct copy of the Minutes of the Proceedings for Thursday, May 9, 2024.
Approved by the Laramie County Planning Commission on Thursday, May 23, 2024.
