Call To Order

Vice Chairman Watkins called the meeting to order at 3:30 p.m. Guests were welcomed to the meeting and the assembly joined in the Pledge of Allegiance.

Roll Call

Present	Jack Stadel, John Watkins, Natacha Gaspar, Mark Smith
Excused	Jason Caughey

Approval of Minutes

1. Consideration of the Minutes of the Proceedings for October 24, 2024.

[24 - 527](#)

Attachments: [PC 10.24.24 Draft](#)

Natacha Gaspar moved, seconded by Mark Smith to approve the Minutes of the Proceedings for October 24, 2024. Vote 3-0.

Aye: Watkins, Gaspar, Smith

Excused: Caughey

Absent: Stadel

Reports

2. Presentation by AirLoom Energy on their Revolutionary Low-Cost Turbine Technology Pilot Project.

[24 - 528](#)

Attachments: [AirLoom](#)

Heidi Larson, Sam Farstad, and Neal Rickner, representing AirLoom Energy, from Laramie, Wyoming, were present to introduce their company. Founded in 2016 the company is developing a wind energy device that is not a horizontal wind turbine but is based on a track employing engineering methods and standard for the roller coaster industry making it safer and creating less noise and disruption. 100 foot in height with limited view shed impact at this time it can produce 1 MW of energy per track. It also has the advantage of being able to be located near areas with height restrictions and areas difficult to access.

AirLoom Energy's wind turbine design utilizes sites with lower wind, are made using low-cost mass manufactured components from recyclable materials, materials can be moved by standard transportation, and are easy to install and maintain. This is in contrast to the disadvantages of the large scale turbines that are made of non-recyclable materials, difficult to transport and handle, expensive to make, and restrict views.

Completing their prototype demonstration in 2023, AirLoom Energy secured funding for developing a pilot project that will be located in Laramie County. The site will be 20 to 40 acres in size, have a 20 meter track height, and will target 400kW of nameplate capacity. It will not be connected to the grid since it is strictly for product testing and demonstration. In the next few weeks they will be submitting a permit application to Laramie County Planning & Development for their pilot project.

Land Use:Variances/Board App./Plats

3. PUBLIC HEARING regarding the review and recommendation of the Maverick Corner, 2nd Filing Subdivision Permit and Plat.

[24 - 529](#)

Attachments: [PZ-24-00084 PC 11.14.24 Mtng Pkt](#)

Cate Cundall, Associate Planner, said that the Maverick Corner, 2nd Filing intends to divide a 28.18 acre parcel into three residential tracts. The subject property is located in the LU zone district and is currently vacant agricultural land. The surround area consists of a mixture of subdivisions and agricultural land. Water and sanitary sewer will be provided by individual wells and septic systems. The subdivision will be accessed off Klipstein Road, with Tract 3 being accessed via an 80 foot easement on the west side or a 40 foot easement on the east side of the parcel.

Cotton Jones, applicant's agent, was present to answer any questions.

Vice Chairman opened the Public Hearing for comments. Hearing no comments the hearing was closed and a motion and discussion was called for.

Natacha Gasper moved, seconded by Mark Smith to recommend approval of the Subdivision Permit and Plat for Maverick Corner, 2nd Filing, to the Laramie County Board of Commissioners and adopt the findings of facts a and b of the staff report with no conditions. Vote 3-0.

Aye: Watkins, Gaspar, Smith

Excused: Caughey

Abstain: Stadel

4. PUBLIC HEARING regarding the review and recommendation of the Murray Horse Creek Zone Change.

[24 - 530](#)

Attachments: [PZ-24-00086 LCPC STAFF REPORT PKG 11.14.24](#)

Bryce Hamilton, Associate Planner, said that Murray Development, LLC submitted a Zone Change application for Tract 1, Murray Hill Estates, 7th Filing Subdivision that lies on the southwest side of the I-25 Interchange at Horse Creek Road. The property is currently zoned A-1-Agricultural Residential and they wish to change to a CB-Community Business zone district to prepare the parcel for commercial development. The project meets the zone change criteria since amending the zone district map is consistent with plan and policies of Laramie County.

Mark Christensen, applicant's agent, spoke on the project and said that this zone change request to Community Business is to bring this 20 acre parcel more inline with the future land use map that has designated this corner as mixed use commercial. There is currently no proposed development for this site so there is no specific site plan.

Vice Chairman Watkins opened the Public Hearing for comments. Hearing no comments the hearing was closed and a motion and discussion called for.

Mark Smith moved, Jack Stadel seconded to adopt the findings of facts a and b of the staff report and to recommend approval of a Zone Change from A-1 to CB for Tract 1, Murray Hill Estates, 7th Filing, Laramie County, WY to the Laramie County Board of Commissioners with no conditions.
Vote 4-0

Aye: Stadel, Watkins, Gaspar, Smith

Excused: Caughey

Adjournment

There being no further business the meeting was adjourned at 4:00 p.m.

CERTIFICATION

True and correct copy of the Minutes of the Proceedings for Thursday, November 14, 2024

Approved by the Laramie County Planning Commission on Thursday, December 12, 2024.
